Being a proud & award winning spa hotel, we have looked at some of our dishes to offer healthier alternatives for a healthier you. But we haven't taken all the fat (and fun) out of our dishes, instead we want to give you super food by substituting like for like foods with superior health enriching products such as olive oil, broccoli, nuts, and omega 3 fish oils. If you would like a healthier version of any of our dishes, just ask your server and we would be happy to oblige if we can.
